

Way Systems MTT 1531/1581

Imagine the limitless possibilities of a truly mobile POS terminal. The Way Systems 1581 has a stylish and sleek design that fits easily in a pocket or the palm of your hand. It empowers merchants by combining the convenience of a mobile phone with the ability to accept wireless electronic payments in virtually any place, at anytime. The MTT 1581 offers the best mobile coverage available, and the latest security features. If you're looking to take your business on-the-go, choose the Way Systems MTT 1581 for its trendy design, cutting edge technology, and most up-to-date security standards. The Way MTT 1531 is also available as a less expensive model - it does not feature an internal PIN pad.

Way Systems
